The Trabuco RC Flyers asks all members to contribute **8** hours of service to the club for the year. Please let us know your occupation, skills and background so we may know what available skills we may call on for your volunteer hours of service. Additionally, the club will conduct 6 work parties a year as another way to contribute your service hours to the club.

Your occupation, skills, or area of expertise you can help the club with:

General Club Meetings will be held every 3rd Saturday of the month. Get up to speed on upcoming events, facilities, club operations and more. Voice and hear the many ideas you as members have for improving our club. The meetings will begin promptly at 10am at the field and run no longer than 1 hour. The flight line will be halted during the meeting. We encourage you to participate in these meetings.

Please review and initial you have read the 2 attachments:

- 1) Flightline Protocols _____ (initial)
- 2) Normal Flight Pattern and Restrictions _____ (initial)

By signing below I attest that my AMA membership is active for 2010 (please provide photocopy or AMA website print out), plus I have read and will conduct myself in accordance with the posted flying site rules and regulations.

Signature: _____ Date: _____

Return your signed membership form to:

TRABUCO FLYERS
32742 Meadowpark Lane
Trabuco Canyon, CA 92679

Or, to any board member at the field.

Thank you for your interest,
Trabuco RC Flyers, Board of Directors

Trabuco RC Flyers

Flight Line Protocols

1. Before turning on your radio, you **MUST** have the frequency pin.
2. If you are sharing a radio channel, you **MUST** impound your radio by putting it on the hooks in the frequency control stand area. (IF YOU SHOOT DOWN A PLANE DUE TO FAILURE TO IMPOUND, YOU WILL BE REQUIRED TO REPLACE IT).
3. When sharing a frequency pin, be courteous to your pin partner and make sure you are sharing flight time (By returning the pin to the frequency board along with impounding your radio).
4. Pilot's must be in one of the five flight stands while flying.
5. When going on or across the runway for any reason announce **"ON THE RUNWAY"** loudly enough so other flyers can hear you.
6. When taxiing on to the runway, announce loudly enough **"COMING OUT"**.
7. When landing, announce loudly enough **"LANDING"** on your downwind leg.
8. When you are dead stick, announce loudly enough **"DEAD STICK"**.
Dead stick landings have priority over all others.
9. Non pilot or cadet children must stay behind the pit area for their safety unless accompanied by an adult.
10. Clean your area, put away your table and chairs when you are done flying.
11. There is food and drinks in the refrigerators in the snack shack. The prices are on the wall. We operate under the honor system.
12. The barbeques are for members & guests to use. We ask when you are finished cooking, to turn off the BBQ **AND** close the valve on the propane tank.
13. When backing into a space with your vehicle, try to keep close to the next vehicle to allow space for everyone. Do not park or drive on any black top area.
14. When you see someone new standing around, make them feel welcome

Restricted Fly Zone
No Trespassing

Normal Flight Pattern

Flight Boundary

Trabuco Creek Road

**No unauthorized airplane retrieval without
specific authorization from:**
